

STATEMENT OF PURPOSE

RS23113

This Concurrent Resolution rejects two subsections of the pending rule adopted by the Idaho State Racing Commission relating to wagering on historical horse races, which was authorized by the legislature in 2013, pursuant to Section 54-2512A, Idaho Code. Contrary to legislative intent, and the statutory language passed in 2013, Section 010, subsection 13, of the pending rule defines "historical racing" as having the same meaning as the term "instant racing." Idaho Code, Section 050, subsection 05, provides that "the terminal shall display a video reply of the race, or portion thereof..." display of only "a portion of the race" is a component of "instant racing."

FISCAL NOTE

There is no fiscal impact.
